

**Fibroblast Medium-animal component free-basal
(FM-acf-b)**
Catalog #2321-b

Product Description

Fibroblast Medium-animal component free-basal (FM-acf-b), when used with Fibroblast Growth Supplement-animal component free (FGS-acf, Cat #2372), is a complete medium designed for optimal growth of normal fibroblasts *in vitro*. It is a sterile, liquid medium which contains essential and non-essential amino acids, vitamins, organic and inorganic compounds and trace minerals. The medium is HEPES and bicarbonate buffered and has a pH of 7.4 when equilibrated in an incubator with an atmosphere of 5% CO₂/95% air.

Components

FM-acf-basal consists of 500 ml of basal medium.

Product Use

FM-acf-b is for research use only. It is not approved for human or animal use, or for application in *in vitro* diagnostic procedures.

Storage

Store the basal medium at 4°C and the FGS-acf and P/S solution at -20°C. Protect from light.

Shipping

Room temperature.

may present a health hazard. Take appropriate precautions when handling it, including the wearing of protective clothing and eyewear. Dispose of properly.
